*When To Use*

Use when you require an extensive automated background check and Dun & Bradstreet financial ratings.

## Analyst Report Review and Enhanced Due Diligence

Through a partnership with **Pacific Strategies and Assessments (PSA)**, a global leader in analyst-led due diligence, RiskRate clients may request an Analyst-Led Report Review or Analyst-Led Enhanced Due-Diligence for automated report they’ve run. This allows clients to combine the RiskRate automated reports with fully integrated analyst activity tied to a client’s risk policies.

### Due Diligence Report Type: *Analyst-Led Report Review*

*Report Description*

**Add an Analyst-Led Report Review to any Organizational Screening Reports for:**

- » Executive summary of the report focused on the specific findings that drive risk
- » Resolution of adverse media, sanctions, watch and PEP alerts
- » Best practice-driven guidance on next steps to mitigate identified areas of risk

*When To Use*

Use when your organization feels a third party needs a more in-depth, human review and internal analyst availability is limited.

## Due Diligence Report Type: Analyst-Led Enhanced Due Diligence Report

### Report Description

#### Add an Analyst-Led, Enhanced Due Diligence Report to reports for:

- » Reliable data to screen your highest-risk business partners
- » Analyst-led in-country, in-language research and records check against:
  - Litigation
  - Business registry
  - Resolution of credit bureau information by reviewing the credit report online and initiation of a credit bureau investigation when appropriate (Advanced Organizational Background Screening Report only)
  - Adverse media in local language - 15 keywords cross-referenced against up to 5 names; typically these names would be the Subject Company, CEO of the Subject Company, CFO of the Subject Company, and two largest shareholders of the Subject Company.

### When To Use

Use when internal resources required to conduct enhanced due diligence are limited and when in- language or in-country research is required.
