The Lockpath® Platform

Content Offerings

Lockpath Content Offerings

Data-driven decision making starts with access to the right information at the right time. The Lockpath Platform integrates with a wide range of industry-leading content and technologies to ensure you have the right data, when you need it.

For more information on how Lockpath's content and technology integrations can help your organization, contact us at lockpath.com.

S = Standard Edition **E** = Enterprise Edition

	Description	Category	Availability	Added Cost
	AICPA Content includes COSO International Control, SOC 1, SOC 2, SOC Cybersecurity, SSAE 16, SSAE 18, and Trust Service Principles.	Compliance Content	S E	Yes
	ANSI Available standards include ISO 27001, ISO 22301, ISO 31000, and many more.	Compliance Content	S E	Yes
	BankPolicies.com Import BankPolicies.com content, including bank policies and procedures.	Compliance Content	S E	Yes
	Center for Internet Security (CIS) Includes the CIS Top 20 to help stop the most pervasive and dangerous threats of today.	Compliance Content	S E	
	Cloud Security Alliance (CSA) Available content includes CSA's standards and mapping.	Compliance Content	S E	
	Global Privacy The latest guidance for privacy and data protection regulations including CCPA, GDPR and NIST Privacy Framework.	Compliance Content	S E	
	ISACA Content includes ISACA's COBIT 5 IT governance framework.	Compliance Content	S E	
	PCI Security Standards Council The latest PCI Data Security Standards (PCI DSS) requirements and self-assessment questionnaires.	Compliance Content	S E	
	Shared Assessments Standardized assessments and packages include the SIG Core questionnaire and the SIG Lite initial assessment.	Compliance Content	S E	Yes
	Unified Compliance New or updated regulatory content from Unified Compliance's Common Controls Hub.	Compliance Content	E	
	US Federal Cybersecurity Includes content for NIST, FIPS, FedRAMP, and IRS Publication 1075.	Compliance Content	S E	
NERC	US Federal Energy Provides the latest Reliability Standards to fast track NERC-CIP compliance.	Compliance Content	S E	
	US Financial Services Banking guidance from the Code of Federal Regulations (CFR), including BSA, GLBA, SOX and more.	Compliance Content	S E	

	Description	Category	Availability	Added Cost
	US Health and Safety Guidance from OSHA as documented in the Code of Federal Regulations (CFR) specific to OSHA 1910.	Compliance Content	 	
	US Healthcare Provides guidance specific to HIPAA privacy and security.	Compliance Content	 	
	Continuous Monitoring Address changes to asset configurations and file integrity while organizing facilities and assets.	Configuration Scanner	 	
	Nmap Address configuration detections from network-wide ping sweeps, port scans and operating systems.	Configuration Scanner		
	Qualys Policy Compliance Manage and correct asset misconfiguration findings.	Configuration Scanner		
	LDAP Connector Organize Lockpath users and groups according to your company's LDAP directory.	Identity & Access Management	 	
	Remote Directory Sync Uses LDAP and SAML for best-of-breed access provisioning.	Identity & Access Management	 	For Standard Only
	SAML 2.0 Connector Authenticate to Lockpath using any SAML 2.0-based identity provider.	Identity & Access Management	 	
	SailPoint IdentityIQ Govern user identities and access rights, as well as manage related findings.	Identity & Access Management		
	IBM QRadar Analyze and investigate security events across your network.	Incident/Event Monitoring		
	EthicsPoint Augment risk analysis and incident investigations with employee-reported information.	Incident/Event Monitoring	 	
	BitSight Provides objective data on the cybersecurity performance of suppliers.	Third Party Intelligence	 	For Standard Only
	RapidRatings Offers detailed analysis of the financial health of public companies.	Third Party Intelligence	 	For Standard Only
	RiskRate Enhance risk profiles with automated reputational risk and due diligence information.	Third Party Intelligence	 	

	Description	Category	Availability	Added Cost
	RiskRecon Delivers objective insights on third party security performance and IT landscape.	Third Party Intelligence	 	For Standard Only
	SecurityScorecard Provides issue aggregation and continuous letter-grade ratings related to third parties' security and cyberhealth.	Third Party Intelligence	 	For Standard Only
	BeyondTrust Retina Consume, de-duplicate, correlate and manage Retina scan results.	Vulnerability Scanner	 * 	
	Qualys Vulnerability Manager Consume, de-duplicate, correlate and manage Vulnerability Manager scan results.	Vulnerability Scanner	 * 	
	Rapid7 Nexpose Consume, de-duplicate, correlate and manage Nexpose scan results.	Vulnerability Scanner	 * 	
	Tenable Nessus Consume, de-duplicate, correlate and manage Nessus scan results.	Vulnerability Scanner	 * 	
	Acunetix Web App Scanner Consume, correlate, and manage Acunetix scan results.	Web App Scanner		
	Qualys WAS Consume, correlate, and manage Web Application Scanning results.	Web App Scanner		
	Tinfoil Security Consume, correlate, and manage findings from multiple Tinfoil instances.	Web App Scanner		
	Ambassador Client for Content Integration Securely transmit data from on-premise networks and systems to the Lockpath Platform.	Additional Content	 	
	Lockpath API Connector Access to Lockpath API for creating custom application integrations.	Additional Content	 	For Standard Only
	Email Connector Maps internal and external email into individual case records within the Lockpath Platform.	Additional Content	 	For Standard Only
	RSS Connector Facilitates the creation of individual case records in Lockpath originating from RSS feeds.	Additional Content	 	For Standard Only
	Syslog Connector Consumes alerts through Syslog for security and IT systems that cannot connect through an API.	Additional Content		

* = Only one [1] vulnerability scanner connector included in Standard Edition
